MY ILLUSTRATED SUMMER JOURNAL

A ***journal*** is a diary where you keep record of events.
A journal is meant collect your ideas and observations, your feelings and thoughts and put the happenings of each day into writing.

An ***illustrated journal*** is a journal where the main way of collecting events is through *the use of drawing, painting and collage.* Of course you can write as well!

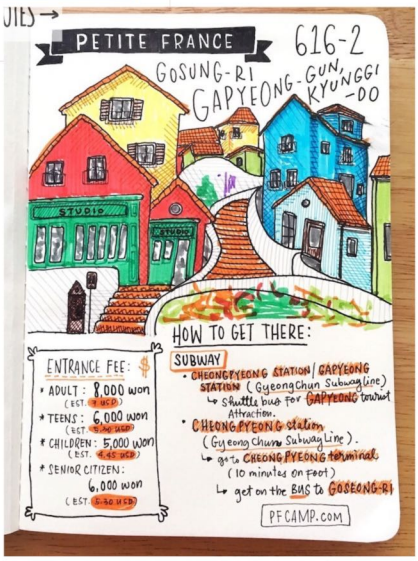

We want to create an ILLUSTRATED SUMMER JOURNAL where you can collect everything that happens during this coming summer.
The summer journal is going to be a collection of adventures, stories, memories and discovery.
You just have to take your journal with you everywhere you go!!

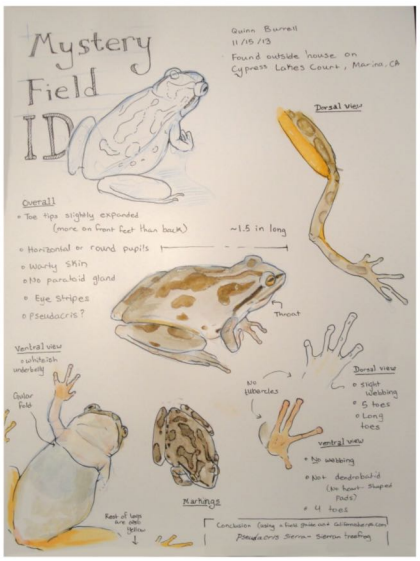

Some examples of illustrated journals

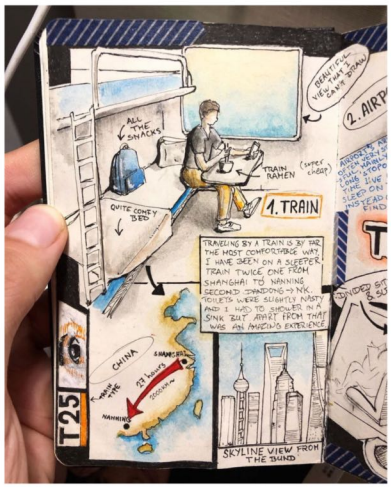

1. TRAIN
TRAVELING BY A TRAIN IS BY FAR THE MOST COMFORTABLE WAY I HAVE BEEN ON A SLEEPER TRAIN TWICE. ONE FROM SHANGHAI TO NANNING. SECOND STANDING TO NANNING. TOILETS WERE SLIGHTLY NASTY AND I HAD TO SHOWER IN A SINK BUT APART FROM THAT WAS AN AMAZING EXPERIENCE

SOME STUFF I BOUGHT IN PREPARATION FOR FALL
Arrived in Kansai International Airport. From there we take a quick monorail to the main airport terminal. Very first world. It was COLD. maybe around 11-13c. OK, not that cold. I just wasn't wearing enough layers.

Steps to make your Illustrated Summer Journal

1. You will need a sketchbook, notebook or agenda. If you don't have one, later I am going to explain how to create an easy one. :)

2. Make a cover and write the title. For example:
MY ILLUSTRATED SUMMER JOURNAL by (your name)

3. Prepare your materials: colored pencils, pens, pencils, markers, crayons, watercolors... Also tape, glue stick and scissors.

4. Prepare as well *a basic travelling set of materials to take with you when going out,* so you can work on your journal any moment, anywhere.

What to include in your Illustrated Summer Journal

Let´s start the journal thinking about ***what are the things you would like to do this summer***.
You can write them down in a list and draw those moments or situations however you imagine them.

Let´s continue drawing and writing about ***the things that you are actually doing everyday in summer time:*** visiting your family, meeting with friends, doing sports, playing or listening to music, going to the swimming pool or to the beach, going for a walk in the neighborhood, observe animals and insects in the nature, flying your kite...

If you are ***going in a trip,*** you have a very good opportunity to draw and write about the places you visit, the people you meet, the food you eat...
It is not necessary to go very far away. A trip to your village, or a friend's summer house, a day trip to the countryside... can be full of stories to reflect into your journal.

Try to ***collect objects*** like tickets, maps, postcards, tourist magazine information, wrapping paper, leaves, seeds... so you can attach them to your journal. They can be glued to your drawings or be part of a collage.

HOW TO CREATE A SKETCHBOOK

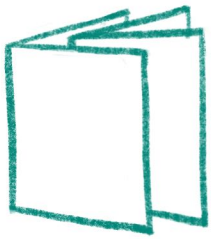

1. Collect paper. (around 10-12 pages).Better if it is white. Can have different thickness or texture.

2. Make sure all the papers have the same size. Cut them with scissors if it is necessary.

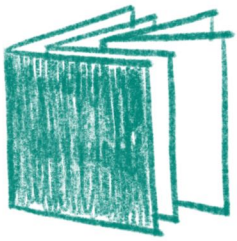

3. Fold every page in half. Make sure that the corners match so the fold is right in the middle.

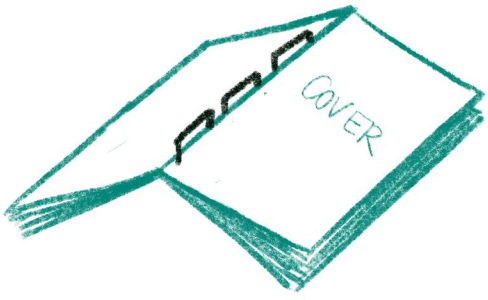

4. Place them one inside the next one, creating a little book.

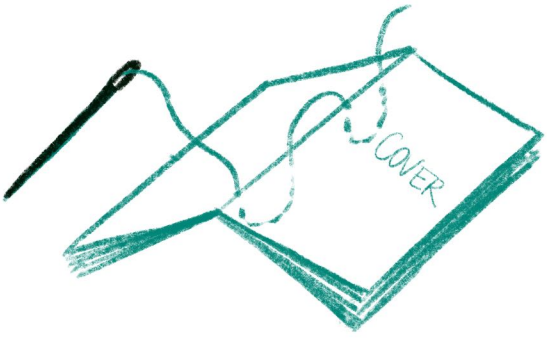

5. Add the cover. This one can be a stronger paper or even a cardboard of the side of the other papers.

6. Binding: There are plenty of ways to fix the pages together. Here we are going to see 3 easy ways. Maybe you will need some help from an adult in this part of the process.

Opción A: stapling

Opción B: sewing

Opción C: elastic band
